

AtlasVerify — Fraud Stops Here

The Next Generation of Trade Integrity

The Problem

- Legacy certifiers are outdated: paper-based, slow, geographically limited.
- Rampant fraud in organics & commodities: soy, corn, cocoa, coffee.
- Buyers and consumers don't trust current certification seals.
- Billions lost to fraud annually in global trade.

The Vision

AtlasVerify is the professional, global, digital certification authority.
— The ISO for trade integrity.

Dual Brand Identity:

- AtlasVerify (Y): Enterprise credibility.
- AtlasVerifi (I): Tech platform powering verification.

The Solution

Digital Certification Platform (AI + Blockchain):

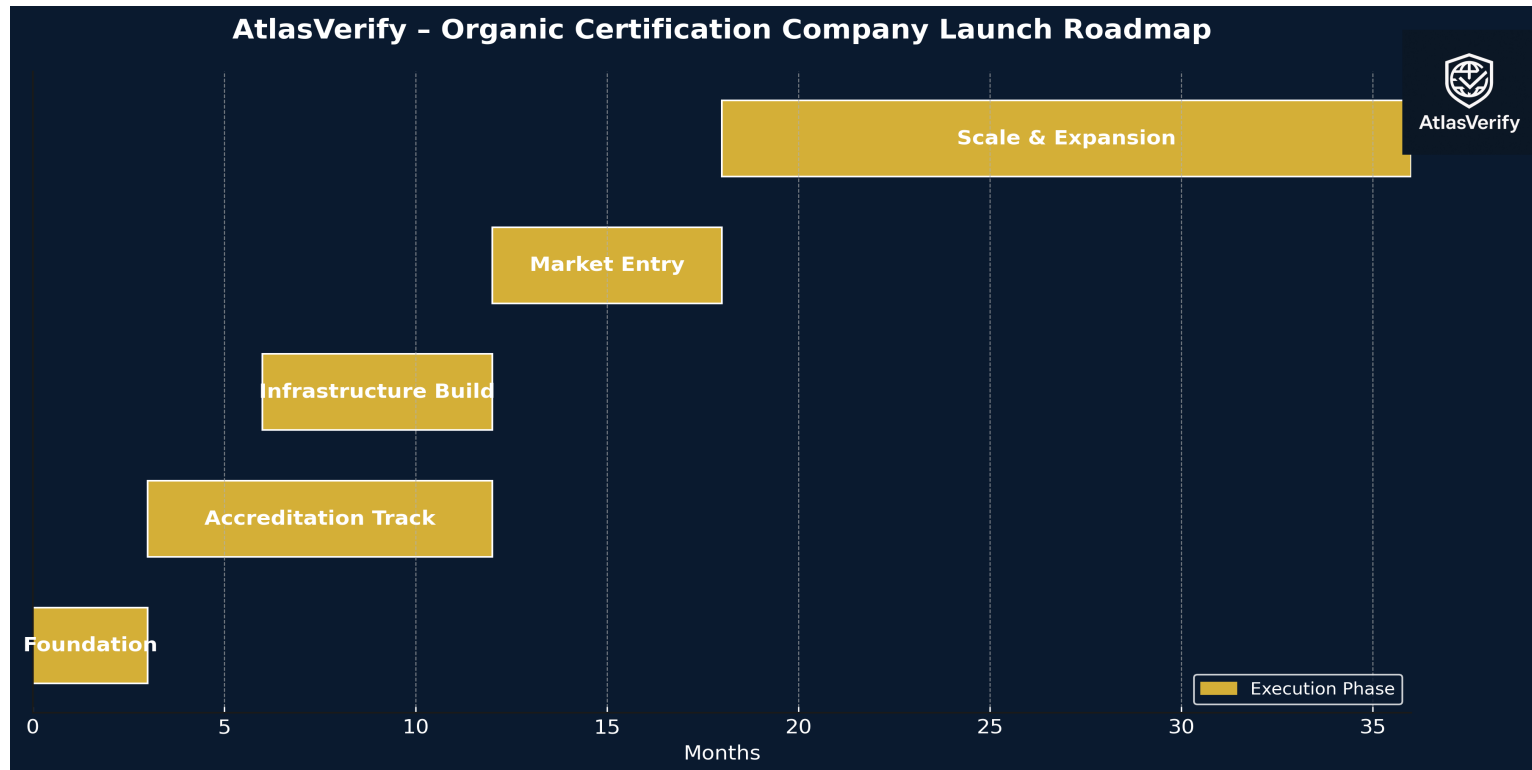

- Instant, QR-enabled verification.
- Inspector app + applicant portal.
- Immutable digital certificates.

Premium Verification Services:

- Fraud risk scoring.
- Buyer dashboards.
- Regenerative, Non-GMO, and Carbon add-ons.

Roadmap

AtlasVerify launch phases over 36 months:

Market Opportunity

- \$500B+ global organic market by 2030.
- Fraud costs industry billions annually.
- Adjacent certifications: regenerative ag, carbon, non-GMO.
- AtlasVerify positioned as the professional, tech-enabled standard.

Why Us

- 20+ years shaping global organic supply chains.
- Pioneer in soybean meal trade integrity.
- Pilot + entrepreneur with deep credibility.
- We've lived the fraud problem. We're building the solution.
